THE DEFINITIVE ORIGIN OF CAPTAIN MARVEL!

Carol Danvers was just a girl from the Boston suburbs who loved science and the Red Sox until a chance encounter with a Kree hero gave her incredible super-powers. Now, she's a leader in the Avengers and the commander of Alpha Flight. But what if there were more to the story? When crippling anxiety attacks put her on the sidelines in the middle of a fight, Carol finds herself reliving memories of a life she thought was far behind her. You can't outrun where you're from — and sometimes, you HAVE to go home again. But there are skeletons in Captain Marvel's closet — and what she discovers will change her entire world. Written by best-selling author Margaret Stohl and drawn by fan-favorite comics veteran Carlos Pacheco, this is the true origin of Captain Marvel.

• ...is what we'd be saying if this was a way more boring comic, WHICH IT ISN'T! Instead we can say that Squirrel Girl and Kraven battled Mojo's evil clone and saved the city from his deadly machinations. Then they all got arrested!

• When Doreen Green and Sergei Kravenoff end up BEHIND BARS, can they be saved? Will they even make it to trial? And who will be their lawyer?

• We can answer that last one: It's obviously going to be none other than JENNIFER WALTERS, the incredible SHE-HULK!

• Doreen behind bars! Kraven on the stand! And a conclusion to the trial that nobody will see coming! It's all this and more in this particular Marvel comic!

INTERVIEW WITH *ASTONISHING X-MEN* WRITER MATT ROSENBERG & ARTIST GREG LAND!

What are you personally looking forward to bringing to the team of ASTONISHING X-MEN?

MATT ROSENBERG: I mean, it's the X-Men! I'm looking forward to every single part of it. But I think the biggest thing for me is the lineup. It's almost just a list of my favorite X-Men: Havok, Beast, Colossus, Dazzler and Warpath. Name a better lineup! And the nice thing is that a few of them have been on the bench for a while, so I'm having a blast putting them back on the field. We might even have someone in the book a lot of people have been missing for a bit. But maybe I can't say that. Anyway, I hope people are as excited to see all of them in action as I am.

GREG LAND: I always enjoy working on X-Men characters. This lineup is different from the ones I have gotten to illustrate in the past, and I am excited to see where this group takes me. Some characters have changed quite a bit from when I drew them last.est and most terrifying Venom story ever told. And I promise you, we're just getting started.

How does the continuing story fit into the larger Marvel Universe?

ROSENBERG: We're taking a slightly different approach to our X-Men on this team. The reasons they are together and what their mission is means that they are playing a role in the Marvel Universe that the X-Men haven't played in a while. It's sort of a return to some classic ideas for the X-Men, but it will end up being a big shift for some of these characters. I know that's a vague answer, but there is a bunch of stuff I don't want to spoil. I will say that what happens in this story is going to affect the X-Men in a big way going forward.

What has been your most memorable moment working for Marvel Comics?

LAND: I have had the pleasure of working on many great titles at Marvel, but I view it as whole experience. From the time as a 6-year-old kid getting comic books with my grandpa, I always knew I wanted to draw comics when I got older. So for that little kid still inside me, drawing Marvel characters is just the best!

ROSENBERG: Honestly? Probably when Mark Paniccia emailed me and asked if I wanted to write X-MEN.
One of the best days of my life.

FANTASTIC FOUR EPIC COLLECTION: THE COMING OF GALACTUS TPB

Volume #3 in the Fantastic Four Epic Collections

WRITTEN BY STAN LEE
PENCILED BY JACK KIRBY
COVER BY JACK KIRBY

Stan Lee called it "the World's Greatest Comic Magazine," and he wasn't kidding. If Lee and Jack Kirby set the comics world on fire in 1961 with the debut of the Fantastic Four, in 1965 they burned it down. Letting loose an unmatched burst of rapid-fire creativity, they gave birth to the Frightful Four, the Inhumans, Galactus and the Silver Surfer — and even pulled off the first super-hero wedding! There are also monster menaces galore, including Dragon Man — and out-of-this-world villains, from the shape-shifting Skrulls to the undersea warlord Attuma. But it's not just the panel-bursting action that makes FANTASTIC FOUR great. It's the drama of a family, united to explore all the wonders of the Marvel Universe side by side!
